

# Bakery in Vietnam

A BAM bakery is available in Ho Chi Minh City, which would be an ideal purchase for a business person seeking to own and operate a B4T in Vietnam. This person could be sent by a business group, church or sending agency, or be someone wanting to serve in Vietnam and is seeking a business opportunity. Ownership the company includes running all aspects of the operations with customers, suppliers, government officials, and business leaders.

The Company has been in operation as a transformational business for over 10 years and serves the premium market segment with 120 fresh-baked products including whole grain breads, cookies, pies, cakes, bagels, tortillas, English muffins, and products for those gluten-sensitive. Their distinctive is clean food made fresh, with no chemicals, no preservatives, and using non-GMO flour. The customers are online retail with deliveries direct to home or office, and wholesale, serving premium supermarkets, restaurants, and coffee shops.

Currently the company revenues are \$191,000. EBITDA is \$20,000. ROA is 20% and the Margins are steady.

Their particular social impact includes hiring those who are disabled or otherwise socially marginalized. They incorporate the use of La Red Foundation materials Lared.org/Principles for developing staff.

The bakery is for sale for a fair price, with various purchase plans available for the next B4T owner/operator/steward of the company.
